

# International Law – Meeting the Challenges

## Two-day Conference and Exhibition

### 4th London Conference on International Law

Thursday 1 and Friday 2 October 2026  
QEII Conference Centre, Westminster, London

## Conference Speaker and Broadcasting Sponsorship Packages

Following on from the 2024 London Conference, which saw over 600 international law professionals come together at the QEII Conference Centre, the 4th London Conference on International Law will take place on Thursday 1 and Friday 2 October 2026 and attract international law academics, judges, practitioners, representatives of civil society, business leaders and other stakeholders to see how states and all other actors engage with international law.

An in-person conference, which will also be **live streamed and recorded**, creating a series of mini studios that will offer organisations the opportunity to increase brand exposure and recognition and engage with a truly international audience through the power of video.

Opening up new international audiences, reaching more law institutions and ensuring an inclusive and accessible conference for all.

The full London Conference on International Law 2026 Box Set, a valuable video resource and legal talking point, will be published and made available to each delegate and the international audience after the event.
